

Cleaning support for your business

COMMERCIAL & SUBCONTRACT ENQUIRIES

J&N; Cleaning Services works with businesses and property managers to agree cleaning around the premises, priorities and schedule. One-off and recurring work is subject to availability and an agreed scope.

Services to discuss

Office and workplace cleaning; retail and shop cleaning; communal areas; holiday homes and Airbnb changeovers; end-of-tenancy and move-in / move-out cleaning; post-building cleaning once access is safe. Oven, carpet, rug and window cleaning can be discussed separately.

Our service area

Telford, Wolverhampton, Shrewsbury, Walsall, Wellington and surrounding areas. We travel to the site; coverage and availability are confirmed for each enquiry.

A clear plan before work begins

Send the site postcode, premises type, approximate floor area, cleaning tasks, frequency, preferred hours and proposed start date. Include access arrangements and any equipment or documentation requirements. We review the details and agree whether a site visit is needed.

Commercial arrangements

Scope, price, supplies, responsibilities, access, schedule and written terms must be agreed before work is accepted. Where your organisation requires insurance evidence, risk assessments, DBS checks or other documents, tell us before agreeing the contract so these requirements can be checked.
